house
is built
out of
wood.

bricks
and
cement
to build
my
house.

my
house
from
straw
and
mud.

my pet and I
throw a ball
for him to
fetch.

I love to
watch my pet
fly!

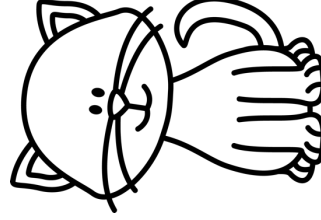

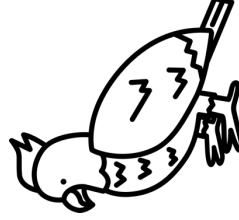

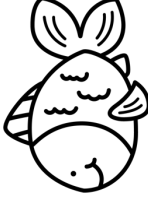

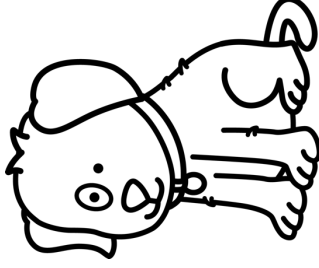

My pet runs
around inside a
ball or in a
wheel.

My pet likes
to eat fish,
but she
sometimes
catches mice!

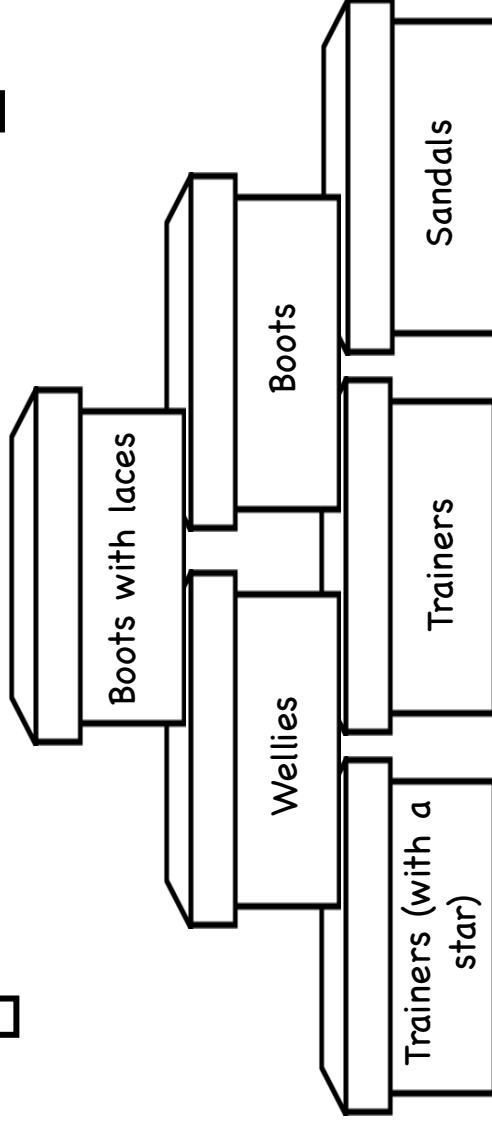

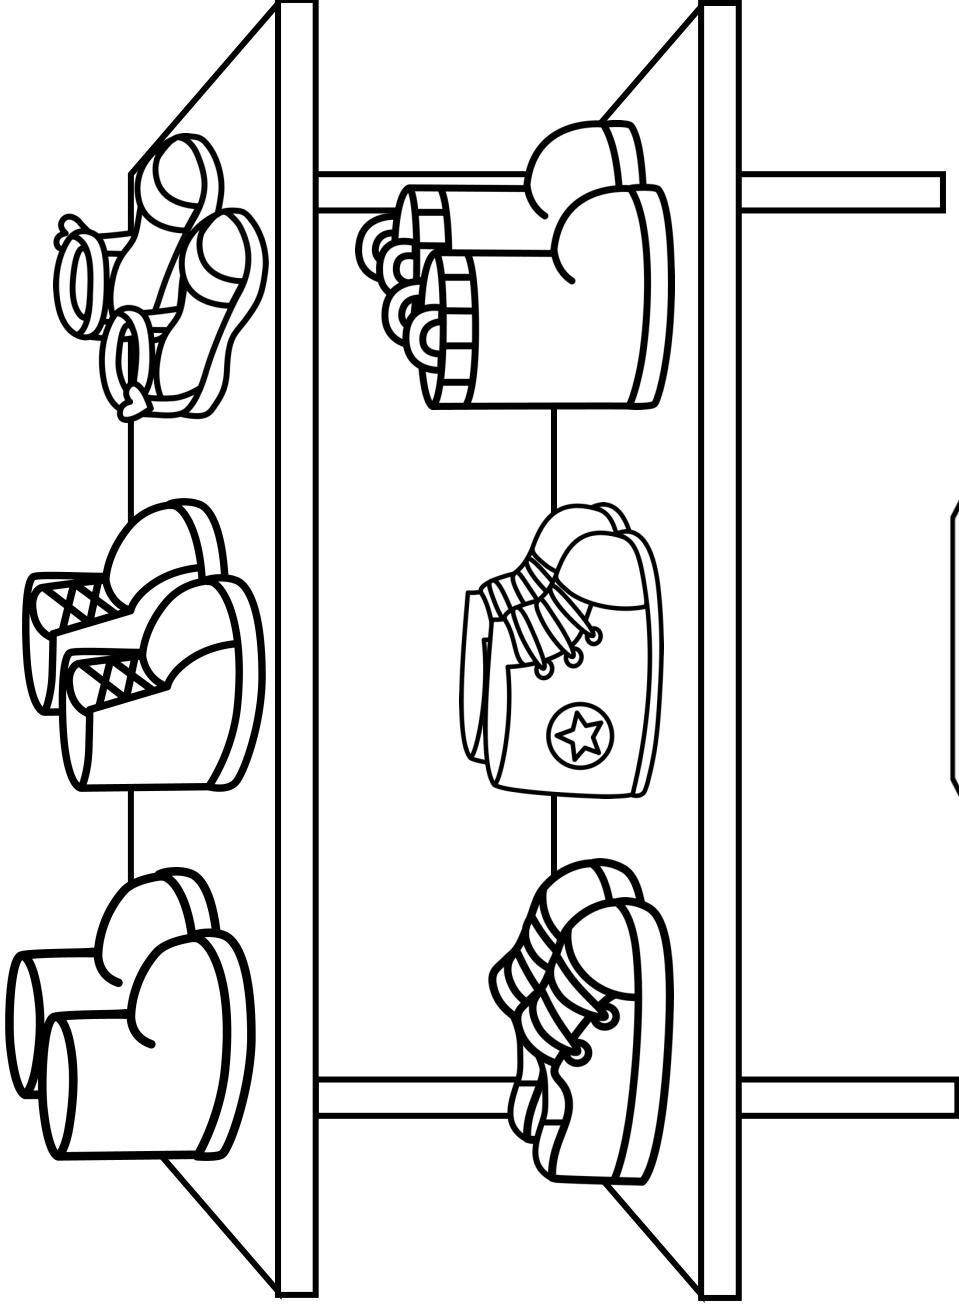

My pet lives in
a bowl and
loves to swim!

Write the children's names in the boxes.

Write the monsters' names in the boxes.

Florb has no legs, two eyes and his ears are shaped like a cat's ears.

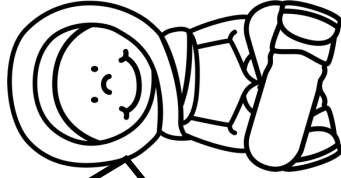

Where do we live?

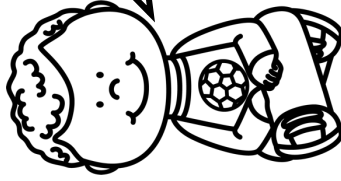

Draw lines to connect the people to their home.

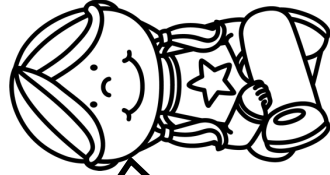

My house is small and pretty. It has a room in the attic, and there are bushes outside.

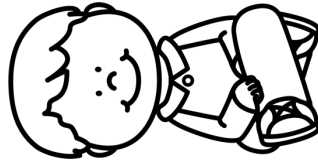

I live in a terrace house, so there are houses on both sides of it. It has two floors and a chimney.

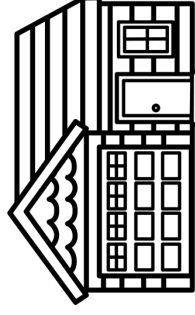

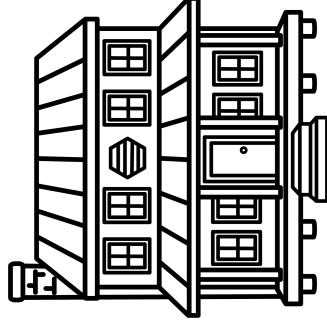

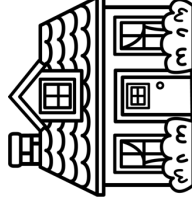

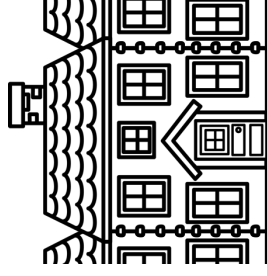

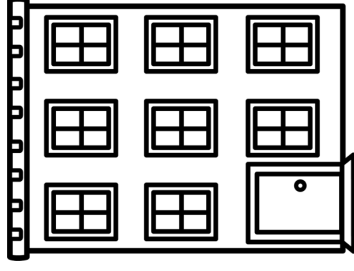

My house is quite large. It has a covered porch outside and two floors.

My home is a bungalow, so it is all on one floor. We have a garage at the front of the house.

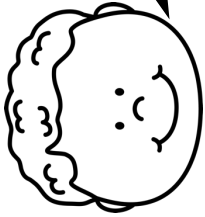

I live in a flat, so other people live on the floors above and below us. Our building has three floors and a flat roof.

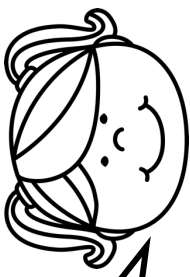

Out and About

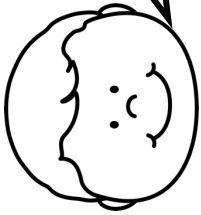

Draw lines connecting the people to the shops they should go to. Careful- they might need to go to more than one place!

My car is broken and needs fixing! While it's being fixed, I'd like to go for a coffee.

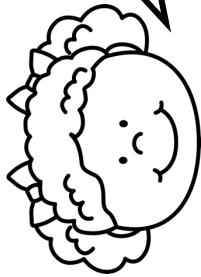

It's lunchtime and I would like a sandwich.

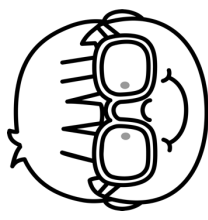

Today, I earn't my pocket money and would like to spend it on some sweets.

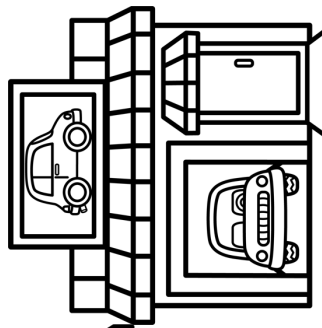

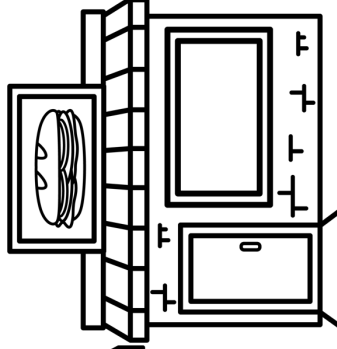

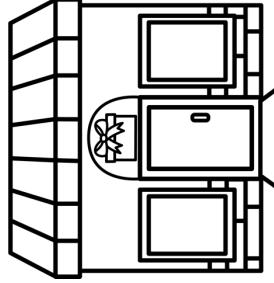

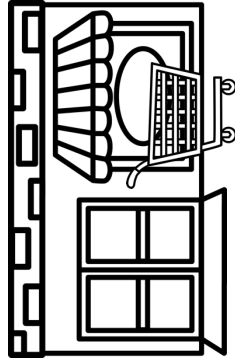

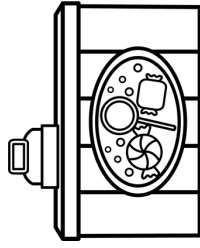

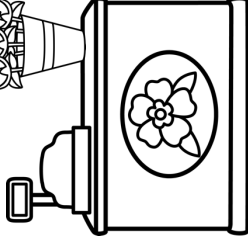

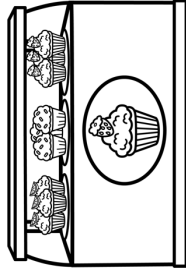

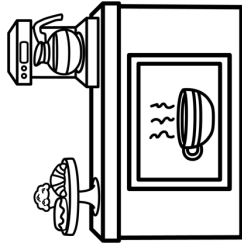

Our fridge is empty, so we need some food.

I would like to give my mum some flowers.

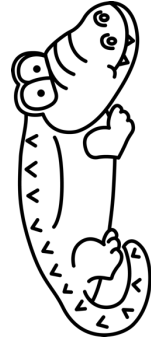

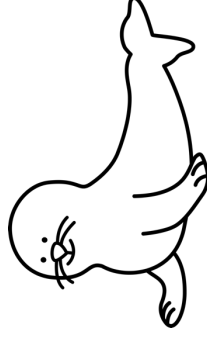

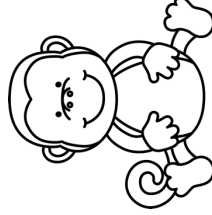

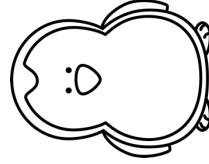

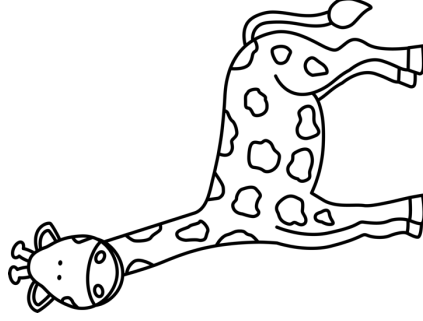

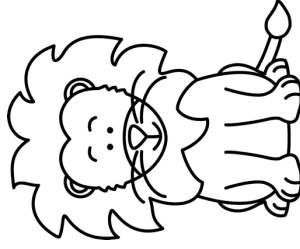

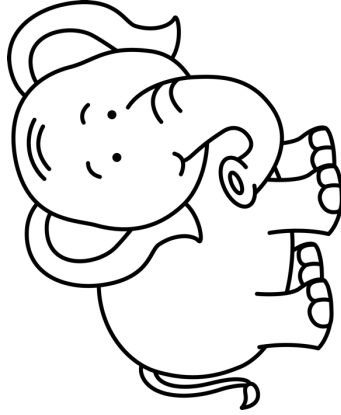

I'm throwing a birthday party for my friend. I need some cupcakes and a gift, but I'm not sure which gift I should buy.

Who Zoo?

▲ **Sandy** also likes to swim, but you can also find her lounging in the sun. She has two flippers and a long tail which helps her to move quickly through the water.

▲ **Tracy** has two arms, two legs and a tail. You might find her hanging in a tree eating bananas.
